Where the lot for which the administrative permit or service sought lies within a subdivision which fails to conform with the requirements of this ordinance and such nonconformity was known to the Planning Commission Staff and no action to enforce the requirements of this ordinance was initiated by requesting an injunction in a court of competent jurisdiction within six (6) months of acquiring knowledge of the alleged violations or nonconformity; or,
 - b. Where the lot for which the administrative permit or services sought lies within a subdivision which was located in the planning area boundary, but outside the city limits at the time of filing.
- (4) The issuance of any building permit does not constitute acceptance of or intent by the city to accept any streets providing access to the lot on which the permit is issued.

Sec. 300.03 Violation and penalty.

(a) When, in the opinion of the Planning Department staff, a violation of the subdivision ordinance exists, and a subdivider who has not complied with the requirements and procedures set forth herein attempts to proceed with construction work, or attempts to convey title to any lot or lots before obtaining Final Plat Approval, or otherwise is in substantial violation of the ordinance, the Planning Department shall, within thirty (30) days of becoming aware of a possible violation, issue a written order to the alleged violator. Said written order shall be by certified mail, restricted delivery, and shall set out the specific violations alleged. Notification to the Mayor and City Attorney of the issuance of the written order shall be given. If the alleged violator, within fifteen (15) days of receipt of said order, does not cease and desist from activities not in conformance with this ordinance, the Planning Department shall, within sixty (60) days, transmit to the City Attorney an affidavit setting out the nature of the violation. The City Attorney shall take appropriate measures to enforce the ordinance, including but not limited to, seeking injunctive relief from a court of competent jurisdiction.

(b) Any person, firm or corporation that violates any provision of these regulations or amendments thereto shall be guilty of a misdemeanor and on conviction shall be fined not less than \$50.00 nor more than \$100.00 for each offense and each day that any violation of these rules and regulations are in effect shall constitute a separate offense and be subject to additional fines of between \$50.00 and \$100.00 per day. Sec. 300.04 Waivers.

(a) When, by the strict interpretation of these regulations, an applicant incurs undue restrictions on the physical property to be subdivided, or when application of these regulations is not required by and/or consistent with the purposes of the City in setting forth the regulations, a waiver for such requirements may be granted by the Planning Commission. Waivers shall not be granted based strictly on financial hardship or for emotional reasons. A waiver is determined by the discreet application of the strict interpretation and enforcement of the rules and regulations upon a given piece of property to be subdivided and consideration of whether such application further the interests of the City.

(b) No waiver shall be granted except upon written petition by the applicant when the application is filed. Under exceptional circumstances, the Planning Commission may grant waivers at the time of final plat approval. The petition shall state fully the grounds for the waiver and all the facts upon which the petition is made. In granting the waiver, the Planning Commission shall prescribe any conditions that it deems necessary to or desirable in the public interest. In considering the petition for a waiver, the Planning Commission shall take into account the nature of the proposed use of land involved, existing uses of land in the area, proximity to public utilities, the number of persons who will reside or work in the proposed subdivision, and the probable effect of such waiver upon traffic conditions and upon the public health, safety and general welfare in the vicinity. No waiver shall be granted unless the Planning Commission finds all four of the following:

- (1) That there are special circumstances or conditions affecting the land involved such that the strict application of the provision of these regulations would unreasonably affect the applicant.

- (2) That the waiver is not in conflict with the overall goals of the City in adopting these regulations.
- (3) That the granting of the waiver will not be detrimental to the public health, safety and welfare or injurious to other property in the area.
- (4) That the granting of the waiver will not have the effect of preventing the orderly subdivision of other land in the area in accord with the provision of these regulations.

(c) The findings of the Planning Commission together with the specific facts upon which findings are based shall be incorporated into the official minutes of the Planning Commission meetings at which such waiver is granted. Waivers may be granted only when in harmony with the general purpose and intent of this code.
