

Arkansas USSSA Registration Policy will be in effect.

This policy states that if a team is to pull out following brackets being posted online, they must pay tournament entry regardless if they're in attendance or not. Teams in the bracket as it is posted are required to pay tournament entry. Failure to pay tournament entry will result in the team and all players being put on probation and unable to participate in another tournament until payment is made.

Rainout Procedure

Bentonville Parks and Recreation will do everything in their power to play ball. Bentonville Parks and Recreation monitors the forecast, radar, and current field conditions to make the best and safest call for all involved. We want to play ball and will do everything in our power to do so, but will never risk the health and safety of the girls on the ballfield. Therefore, the below steps will take place.

- 1. The tournament director will send out a notification to all entered coaches on the Wednesday prior to the tournament (following the posting of brackets) advising of the tournaments rainout plan.*
 - 2. The tournament director will then send out a reminder to all teams in the tournament of the plan, and when they can expect to hear more information.*
-

USSSA Rainout Policy – Complete Tournament

The United States Specialty Sports Association deems 2 games a full tournament. Therefore, if a tournament is rained out following the completion of two games being played for each team, no rainouts are required to be given.

Bentonville Parks and Recreation follows the USSSA policy regarding a complete tournament in the event of a rainout. If teams do not complete a minimum of 2 games they will be issued a prorated refund for the amount of games they did not complete.

Also, regardless of the amount of games rained out, prorated refunds will be issued to all teams for gate fees not used. For example, the tournament gate fee is \$100 per team, and if the tournament has two out of three days rained out... \$67 would be refunded to each team.

In the event of a complete rainout all teams will be refunded 100% of their entry fees.
